

Counts do GARAGE TOUR to Paul Heinert's Collection in Custer, SD

Sunday, July 28th. After the Custer Gold Discovery Car Show several hardy soul Counts members followed Jim and Ann Neuzil over to Paul Heinert's place about 5 miles west of Custer. Paul's collection of cars is very versatile as he is not stuck on any one brand. With over 19 vehicles including a vintage GMC motor home re-done to look like a 50's diner inside and dedicated to Elvis, his collection of old stuff and memorabilia has only started so when you walk in the door you have to look every where as all the walls are loaded with thing unique too.. His cars include Ford T Birds, Several cool Chevy convertibles, Studebakers, a Nash, a convertible Cadillac,, Rare Dodge Convert. Pickup that came from the factory as well as a rare '67 427 Corvette and 2 rare Trans Ams. He even has a diner booth made out of a Nova to match the actual Nova on display. Paul is a cool guy and likes to talk cars and about his neat collection. If you missed this one, you missed a good one JN

Paul's first resto, '54 Chevy convert Early 60's Nova was cool and the diner booth made from a similar car made a neat set

Lot's of memorabilia on the walls Rare 1956 Studebaker Silver Hawk Neat Nash Metropolitan

It was interesring to see a custom 1954 Ford Victoria done 60's style Many 50's and 60's record albums Really nice 1956 Ford T Bird and 1960 Studebaker Champ PU

Devils Tower Run North of Sundance, WY

The Bob and Bob show, With over a hundred cars and trucks on display on August 16th, 2014, the Devils Tower, WY KOA Campground parking lot was full of cool vehicles.

It was a little different this year in as much as it appeared that pickups were almost overstated. Not to downgrade the quality of these vehicles as there was a large variety of both older, up to 1948 as well as the later model 50's, 60's, 70's and 80's models with mild to wild modifications. Our own **Bob Diekmann** garnered a first place in the Truck class. Also our **Bob Rohrbach** picked up a first place in the Street Machine class, not an easy task. Good show Counts members.

This show is put on by the Texas Trails Cruisers car club from Moorcroft, WY. They have lots of door prizes and an Auction for some higher dollar items and the profits go to several scholarships that they sponsor each year. Several generous participants were doubling the amounts offered at the auction to help support this worthwhile cause! If you haven't been to this show put in on your schedule for next year. JN

Bob Rohrbach's Impala and Bob Diekmann's '49 Ford pu both 1st. place winners from Rapid City

Another former club members car wild '48 Buick custom

Radical GMC pickup

Neuzils '40 Stude was there too

Nice original 1940 Ford coupe

A cool Baracuda

late 30's Ford pickup

ROAD KNIGHTS HOLD THEIR 31st. "BLUE LIGHT SPECIAL"

By Jim Neuzil

The weekend of August 22, 23 and 24th 2014 two of the Counts ventured to Loveland, Colorado for the famous Road Knights BLUE LIGHT SPECIAL ROD RUN. The Road Knights are noted for their rod shop tours and fantastic high dollar prize give aways, This year their event was moved to the same weekend as Kool Deadwood Nites. Everyone thought that would affect this events attendance but they were actually up about 20 some cars from last year. They hit 683 and that made for a full house at the Ranch, the Larimer County fairgrounds. Gary and Carol attended both the Rod Shop tours that included Pinkes new facility along with several other shops. Street rod building is alive and well in ColoRODO! Gary said that the Friday night band was

awesome at the fairgrounds inside as it was plenty cool outside.

Sunday's Show and Shine was very nice with quite a variety of types of builds from retro, stock, rat rod, classic, street machine to wild street rods to gassers and race cars on display. Here are a few photos. JN

Neat cars everywhere

Nice '32 Chevy sedan

Wild Chevy pickup

Orange is the NEW black

WILD Prinz stuffed with a V8

Custom shoebox Ford was cool

Wils Willys with a blown V8

Differt paint on this '64 Stang

Very nice '37 Stude Cpe Express

It

Carson Rose Classic Car Show in Upton, WY.

was a beautiful day on September 6th. For a cruise down the interstate to Upton Wyoming and the 13th. Annual Rosae Classic Car show. The Counts had 8

members attend and it's always fun to make the trip as a group. It's about 140 miles one way and the weather was great all day. The show set another record with about 137 cars in attendance. The variety is well diversified with rods, customs, classics, antiques, sports cars and race cars all well represented. The small \$5 entry fee goes back in door prize cash along with other goodies. The Counts want to thank Carso for all the work he has done over the years to make this show so successful and fun to attend.

It is held in the city park and several vendors are set up to give you something to look at and possibly purchase. Food and music is also part of the festivities. Don't miss it next year on the first Saturday after Labor Day. JN

Nicely restored '50 Chevy hardtop

Rare 1957 Chevy sedan delivery

Remember those 70's Vega gassers

Very clean 1956 Ford pickup

Carson rose's collection

Even had a restored Model T Ford

Bruce Peterson from Belle redone '54

Nice 1956 Chevy

The Counts all in a row
