STEVE KROGER'S comments on the BUS TRIP to LINCOLN, NE.

Well, the first Counts bus trip is in the book. I think everyone had a good time. I sure did. The twenty hours on the bus was well worth it for the four hours we spent at the museum of American Speed in Lincoln, Nebraska.

Thanks to Donna Opp's chocolate chip cookies, Bob Diekman playing attendant and Bob Rohrbach keeping everyone in the back of the bus entertained made the trip to Lincoln go by really fast. The trip home, however seemed a lot longer but the movies shortened it up a lot. Everyone seemed pretty tired from all of the walking at the museum.

Thanks a bunch to Herman Jones, who furnished the bus and a couple of very good drivers. Without Herman's help we may not have been able to make the trip.

The bus ride, motel accommodations, the guides at the museum and lunch at the Golden Corral went off on time without a hitch. The museum was one of the most interesting places I have ever been. The way the tour guides explained some of the exhibits really helped to understand the significance of the exhibits. I don't think anyone had ever seen a pedal car collection that big. There was one area with over one thousand lunch boxes.

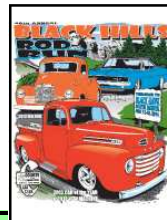

I think most everyone was in agreement that we could have spent at least eight hours to really see everything. **MAYBE WE WILL GET TO DO THIS AGAIN!!!** You can count me in.

FOR SALE Jim Neuzil's collection of Danbury Mint die cast cars. They are 75% Rods and Customs and Street Machine cars There is a total of 34 different ones and I have boxes and titles for most of them. I would like to sell them as a package as Danbury Mint, The top producer of quality detailed model die-cast cars, has ceased production and most of these cars are limited production to boot!

Contact me at 605-390-2238 or studemman40@hotmail.com for list and details. RARE COLLECTION not cheap but well worth considering! Some on display at Counts Club House. MUST SELL NEED CASH

1st. Annual **TEXAS TRAILS CRUISERS** Hulett, Wyoming **Cruise In Car Show**

I know Ann and I have been chomping on the bit to start attending some nearby car show so when I got a call from an old friend, Jeff Neiman from Hulett, Wyoming saying he was putting on a small show on May 10th, it was a go. Jeff and his brother run an Ag Supply business in Hulett that has a small convenience store and auto repair shop attached. It was the perfect location to invite his fellow club members from the Texas Trails Cruisers to come over to Hulett and he would supply the location and food. Considering the show started at 3 pm on Saturday afternoon it had over 30 entries. The all FREE price tag was great too and the Texas Trails Cruisers, the club that host the Devils Tower Show in August, even furnished goodie bags for every one. Jeff got the grills out and grilled hamburgers and hot dogs. There were burn outs for those that get off on that and an abundance of cool trucks. It is Wyoming you know! We had fun and got to visit with a lot of neat rodders. JN

Safety Inspection
Day - May 18th.**

*Steve Kroger's shop
in Piedmont, SD*

Record set at 2014 NSWA Safety Inspection / Picnic that was held at Steve and Deb Kroger's Shop

What turned out to be a fairly nice day on Sunday, May 18 NSRA Western SD Safety Inspector Skip Abell and his inspector general, Gary Krueen, were kept busy from 10:30 am to after 4 pm. They managed to run 44 cars through a through safety check and several serious problems were discovered. Tom Schomonski brought his 409 powered '62 Chevy 2 door sedan from Hermosa and discovered that he had a ruptured front brake hose and a leaking rear brake cylinder. Thank heaven it had been converted to dual master cylinder. It's things like this that having your car inspected before the cruising season gets underway is so important.

After all the work was done a pot luck picnic and BBQ with burgers, brats and brisket. Fantastic food Steve and Scott, great cooks!

MANY THANKS from all who were there for the inspection and great conversation of old gear heads and their wives. Lots of fun. See you next year!

Garry McLaughlin brought their '56 T bird

Bob Meyers newest '64 Chevelle 2 door wagon, red of course

Neuzil's Studebaker passed again Skip checks lights on the '64

Bob Meyers also brought his '62 Bubbletop 409

Chris Schmidt got the '40 Ford coupe inspected

Ken Lipp brought out his newly finished '29 A roadster that is flathead powered and cute as it can be
