

WINTERFEST OF WHEELS

Sioux Falls, SD

The 2015 Winterfest car show at the Sioux Falls at the Denny Sanford convention center was awesome...over 100 cool cars inside and shoulder to shoulder spectators. And something for everyone, from 5 brass-era antique cars to way too many muscle cars to count. In between were enough 30's, 40's and 50's classics to make this show a success. The weather was frigid and windy but inside was warm and fun for everyone with coloring contests and guest appearances for the kids, vendors and small swap meet for motorheads, and lots of neat stuff for the ladies to see also. I'll leave the rest to you to see, here are some pixs to view .
