# The RECAP

A lot can be said for what all the work that many Counts club members do to let Rapid City have one of the "Biggest" and "Best" car shown in the Midwest. There is only so much that we do that actually drives car enthusiasts to pay admission to see this great car show. Lots of money is spent to get the right advertising purchased to draw more spectators to the show. Word of mouth and posters are a great help too.

We don't know what the Civic Center Expansion vote means to the club as far as being able to afford to rent this facility so keep your fingers crossed and hope we can continue to produce a quality show in the Rushmore Plaza Civic Center. I think Rapid City needs a car show in a great location.

# WHIPPLE Racing Products

# Garage Tour

On Tuesday eve March 3rd. The Counts made a garage tour to Whipple Racing Products shop at 3111 W. St. Louis.

It was an impressive shop visit, seeing several major customer projects as well as an in house drag Camaro that Rich Whipple is building for his wife to race in at the Sturgis Dragway next summer.

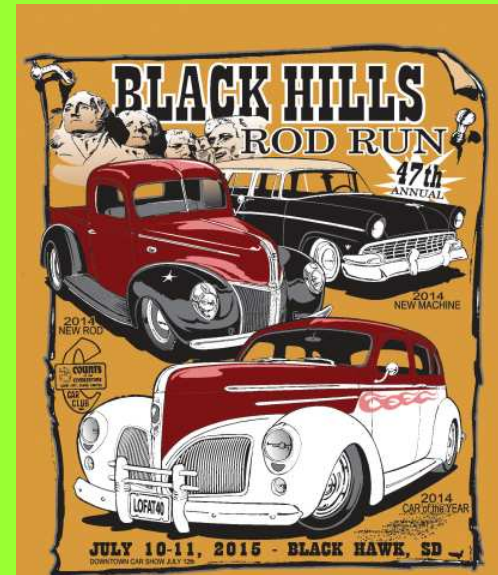

The projects include a '69 Firebird that has been Dakota Digital-ized. It's a cool looking car ready for the street. A doctor has a low riding '50's Chevy pickup that is a very high dollar truck with all the bells and whistles except paint.

Another cool project is a almost restored looking 1957 Chevy pickup done up in Aqua Blue and White.

Their specialty is baad motors and the floor was full of examples of their work. They will also install any motor and transmission that you want put in your car.
